

**" OVERALL: A #1** *directional program that is VERY user Friendly & Simple to use with Excellent Help Files & Improvements continually being introduced with Strong Support by the **PathTracker authorized sales distributor**. Yes, one does have to maneuver through ALL the features to see what is ALL involved in this SUPERB Directional Program like anything else for software. As a 17 year directional driller I would HIGHLY recommend "**PathTracker**" for ANY individual looking for an "**A1 ROCK SOLID Directional Drilling Program**". Thanks to you for PathTracker, a Directional Program Improving & Simplifying the Daily Requirements for Directional Drillers in the field !! Keep up the AWESOME work !! **PathTracker Rocks !! "***

I LOVE the Program. **Thanks !!!** – Directional Driller , Peter Slipchuk
